# REPORT

FOR THE

## YEAR ENDING DECEMBER 31ST, 1881.

---

THE year 1881 was characterised by the unusual prevalence of Typhoid Fever of a very severe type in the metropolis during the autumn months, and the number of cases of this disease admitted into the London Fever Hospital exceeds that of any year since the exclusion of the pauper patients.

The total number of patients admitted was 915, being an increase of 28 over the previous year. 864, including 4 of Variola, were cases of Contagious Fever, and 51 were cases of disease other than Fever. 81 patients remained in on January 1, 1881, making a total under treatment of 996—males 470, females 526. Of these 816 were discharged, 83 died, and 97 remained under treatment on January 1, 1882. Rate of mortality of cases treated to their termination, 9 per cent.

The accompanying tables give the particulars of the different forms of Fever:—

5 cases of Typhus were admitted during the year, 1 male and 4 females. One of these was a nurse in the Hospital, who contracted the disease from a patient; another was a nurse at St. Giles's Workhouse; the remaining 3 were sent in by the sanitary authorities. 4 recovered and 1 died.

120 cases of Typhoid or Enteric Fever were admitted, and 4 remained from the previous year, making a total of 124—males 72, females 52. 91 recovered, 18 remain under treatment, and 15 died. Rate of mortality of cases treated to their termination, 14·15 per cent.; or excluding one case admitted moribund, and which died in a few hours, another case which was suffering on admission from Pyæmia, and a third who recovered from the Fever but died subsequently from the effects of a chronic disease from which he had long been suffering, the rate of mortality would be reduced to 11·65 per cent.

No less than 101 of the 120 cases were admitted during the last 4 months of the year, a striking example of the well-known law of distribution to which this Fever usually conforms.

Table 5 gives the complications which were met with, which in this epidemic were of an extremely severe character.

Scarlet Fever as usual formed the great majority of the cases under treatment. 667 patients were admitted, and 71 remained from the previous year, giving a total of 738—males 335, females 403. 610 were discharged, 74 remain under treatment, and 54 died. Rate of mortality of cases treated to their termination, 8·15 per cent. If we exclude 10 cases admitted moribund, and which died within 24 hours, 2 cases which died from the effects of severe scalds, and 2 cases which on admission were suffering from necessarily fatal complications, viz., Pyæmia and extensive gangrene of the cheek, the rate of mortality would be 6·2 per cent.

15 cases of Smallpox were sent to the Hospital with certificates that they were suffering from other forms of fever. 4 of these were admitted; 1 was moribund, and therefore could not be sent away, and in 3 the nature of the disease had not yet sufficiently declared itself. They were as soon as possible transferred to the Highgate Smallpox Hospital.

Four cases of Smallpox, whose admission it is impossible with the utmost care entirely to prevent, are a great source of anxiety and embarrassment to the Medical Officer; and the Committee feel that it will be necessary to provide more effectual means for the isolation of doubtful cases than the present arrangements of the Hospital admit of.

Among the other forms of fever admitted were 56 of Measles and 10 of Diphtheria.

Table X. gives the social position of the patients and the mode of their admission. 4 were admitted by Governor's order, 863 on payment, and in 48 cases the fee was remitted.

62 patients occupied private rooms, being an increase of 4 over the previous year.

Of those admitted into the general wards, 166 were clerks employés in houses of business and their families; 150 were domestic servants, 78 tradesmen and their families, 56 mechanics and labourers. 89 were sent from other hospitals and charitable institutions, 52 from schools; 198 were sent by the sanitary authority.

The following instances of contagion occurred in the Hospital during the year. 1 nurse contracted Typhus, 3 nurses and a ward servant Typhoid, and 3 patients, admitted with Scarlatina, Measles. All these recovered. 2 cases admitted with Scarlatina contracted Variola, and were transferred to the Highgate Hospital.

The cases of Typhoid are to be attributed to the accidental blocking of the drain of the male Typhoid ward by a piece of slate lodged in the trap. They were all 4 on duty in this ward, and were attacked about the same time. After the defect was remedied no further cases occurred.

Nurse Screamton, who was remarkable for the zeal and intelligence with which she discharged her duties, died January 18 of acute Phthisis.

The Committee have to report that the wing which had been undergoing alterations to adapt it for the reception of Typhoid patients was opened in March. It forms a separate Hospital detached from the main building, which is now occupied exclusively by Scarlet Fever cases, and contains 50 beds in two double wards, together with 2 private rooms and the necessary offices and bath-rooms. The Committee have the satisfaction of reporting that since the opening of these wards, no patient admitted for any other disease has contracted Scarlet Fever, notwithstanding the large number of cases of this disease which were admitted under treatment during the year.

The Kyrle Society have added much to the cheerful appearance of the wards by appropriate and artistic decorations.

During the year the Scarlatina wards were cleansed and painted, and this was followed by a remarkable decrease in one of the most troublesome complications of this disease, Albuminuria.

Several changes in the administration of the Hospital have taken place during the past year.

Mr. Finn, who for 18 years had filled the post of Secretary, Collector, and House Steward, sent in his resignation in June, advancing years and failing health rendering him unequal to the efficient discharge of his duties. In consideration of his long services, the Governors of the Hospital, at a special meeting held on October 20, voted him a gratuity of £300.

The Committee considered that it would be advisable for the future that the office of Secretary and Collector should be severed from that of House Steward, and accordingly, at a meeting held on December 16, Mr. Burn Callander was appointed Secretary and Collector. Upwards of 500 candidates had sent in applications for the office. The appointment of House Steward was deputed to the House Directors, who on December 29 appointed Mr. Denny.

The want of an Acting as well as a Consulting Surgeon having been felt on several occasions during the last few years, the Committee recommended the institution of this office to the Governors, and at a special meeting of Governors held on May 13, Mr. Augustus Joseph Pepper, M.B., M.S., F.R.C.S., Assistant-Surgeon to St. Mary's Hospital, was elected, and his services have on several occasions been required, twice for the performance of important operations.

The office of Architect to the Hospital, which had been instituted at the Annual Meeting of Governors, was filled by the election of Mr. Keith D. Young.

In consequence of the increasing cost of the maintenance of the patients, it was resolved to raise the charge of cases sent in by the sanitary authorities and other public bodies from 2s. 4d. a day to 3s. a day. This rule came into force on October 1.

The Committee have to deplore the death of one of their oldest Members, Sir Hugh Owen, who for upwards of 25 years had taken so

deep an interest in the welfare of the Hospital and so active a part in its management. For 23 years he had filled the office of Hon. Secretary, and to his untiring zeal, great tact, and ever-ready benevolence, the Hospital is indebted for no small part of the high reputation which it has attained among the charitable institutions of the metropolis. In him the Committee feel that they have lost not only an able colleague and wise counsellor, but also a highly valued friend. On the announcement of his death, the Committee passed a resolution of condolment with his family, expressing their deep grief at his removal, and their high sense of his long and valued services to the Institution.

Sir Hugh Owen had resigned the post of Honorary Secretary at the close of the previous year, and at the Annual Meeting of Governors held in February, M. D. Chalmers, Esq., was elected in his place.

In conclusion, while the Committee can congratulate the Governors on the increased efficiency of the Hospital and its extended sphere of usefulness, they have again to draw attention to the very serious position of its finances.

The expenditure during the year was very heavy, owing partly to the cost of fitting up and furnishing the wing and nurses' dormitory, and partly to the great expense entailed by the large number of cases of Typhoid Fever; and it was found necessary again to sell out a further portion of the rapidly-diminishing invested capital. The amount thus sold out was, this year, £4,600, leaving a balance of only £6,000. Should the present ratio of income and expenditure continue, in about two years the funds of the Hospital will be exhausted, and its doors will have to be closed.

It is needless to point out the serious consequences of such a step. There is at present no other provision in the metropolis for the isolation of cases of Fever in persons not belonging to the pauper class, and large employers, schools, hotels, lodging-house keepers, masters of families, etc., would have no place to which they could send cases of Fever occurring in their establishments. It is evident that for these persons, the maintenance of an Institution like the London Fever Hospital is not simply an affair of charity, but should be looked upon as a necessary insurance against the risk of great danger and serious loss.

It is therefore to be hoped that when the critical position of the Hospital becomes known, the public, and especially those who are more particularly interested in its maintenance, and who largely avail themselves of its benefits, will come forward and furnish the Committee with the means of continuing a work so necessary to the health of the Metropolis.

The above rates of mortality are calculated on the number of patients who were discharged, and who died during the year 1881. Deducting 10 deaths which occurred within 24 hours of admission; 2 from severe Scalds, 1 from Pyæmia, and 1 from Cancrum Oris, all present on admission, the mortality becomes 6·2 per cent.

# LONDON FEVER HOSPITAL,

*LIVERPOOL ROAD, ISLINGTON.*

## LAWS AND REGULATIONS.

### Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation in order to prevent the further spread or propagation of the disease from them to others.
2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.
3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—
  - (a) Domestic servants of governors shall be admitted gratuitously.
  - (b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.
4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

### Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

### General Meeting and Election of the Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary, and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such

special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

### The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint ; and three members shall be necessary to constitute a meeting, and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration ; they shall elect all the officers, except the physicians of the Hospital and the honorary secretary, who shall be elected by the governors ; and, with the assistance of the medical officers, shall from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such small sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house-directors, and certified by the auditor ; and such accounts, if approved, shall be paid by cheques payable to order, signed in Committee by two members of the Committee, or, in case a Committee cannot be formed, by two of the house-directors, and in all cases countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit, in any office or employment in connection with the Hospital.

### Conduct of Meetings.

17. At all meetings, a simple majority of the members present and voting shall bind the minority ; and in case of equality of votes, the chairman shall have an additional or casting vote.

### Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account ; he shall honour cheques signed, as provided in Rule 15.

### Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

### Audit.

20. All accounts of the Hospital shall be audited by a professional auditor appointed by the governors. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

### House-Directors.

22. The house-directors shall consist of the trustees, treasurer, and the two physicians who shall be *ex-officio* house-directors, and of three elected house-directors chosen as follows:—The Committee at their meeting in February shall appoint a member of their own body to be chairman of house-directors, who shall retain office for a term of three months. They shall in like manner appoint a chairman of house-directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house-directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house-directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital, be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house-directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house-directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house-directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

### Physicians.

27. There shall be two physicians and one or more assistant physicians, who shall be Fellows or Members of the Royal College of Physicians of London; and also a consulting surgeon, who shall be a Fellow of the Royal College of Surgeons.

28. The physicians and assistant physicians and consulting surgeon shall be elected by the governors after such public notice as the Committee may direct.

29. One of the physicians shall visit the Hospital at least once every day. The physicians shall have the power of dismissing any patient for refractory conduct or disobedience of orders. The physicians and assistant physicians shall be entitled to attend all Committee meetings.

### Assistant Physicians.

30. In case of the illness or necessary absence of either of the physicians, one of the assistant physicians shall attend regularly in his stead. Such attendances shall be reported to the Committee.

### Hospital Pupils.

31. No medical student shall be permitted to visit the Hospital unless in company with one of the physicians, or unless regularly entered or registered as a pupil by the physicians.

### Architect.

32.—There shall be an Architect to the Hospital. He shall advise on all questions concerning the Hospital sites and buildings, and shall supervise the structural maintenance of the Hospital, prepare all plans, and superintend all works connected therewith.

33.—His status shall be similar to that of Physicians to the Hospital, and the mode of his election shall be the same.

### Resident Medical Officer.

34. The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35. He shall superintend the wards, and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house-directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37. When the number of patients shall be great, an assistant to the resident medical officer shall be appointed by the house-directors, subject to the confirmation of the Committee, and he shall receive such remuneration as the Committee shall from time to time determine.

### Secretary, House Steward, and Collector.

38. There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons, as the Committee shall from time to time think fit.

39. The duties of the secretary shall be to have the conduct of the correspondence of the Hospital, the keeping of the accounts, and to perform all duties appointed by the by-laws.

40. The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41. The duties of the collector shall be—

To call on subscribers and collect all donations and subscriptions of the Hospital ; to give only authorised printed receipts for the same ; to attend all meetings, when required ; to keep correct lists and duplicate lists of all donations and subscriptions, with the residences of the donors and subscribers made up from day to day ; to pay weekly all moneys he may receive to the bankers ; to deliver weekly to the secretary reports in writing of all moneys received and paid, with the balance at the bankers' ; to keep the accounts regularly entered in the collector's cash book ; to deliver a copy of the annual report to each subscriber ; and to perform all the duties appointed by the by-laws.

42. The secretary, house steward, and collector shall be required to enter into bonds with sufficient sureties for the due and faithful performance of their duties in such sums as the Committee may determine.

#### Matron.

43. The matron shall have the direction of the nurses and female servants of the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards.. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

#### Salaries.

44. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

#### Trustees.

45. The legal estate in the lands, buildings, and premises of the Hospital shall be vested in not less than three trustees, new trustees being appointed at a general meeting of the governors when vacancies occur.

46. All legacies of £100 and upwards, unless otherwise directed by the testators, shall be invested for the benefit of the Hospital, in the names of three trustees, to be called trustees of the fund.

#### Religious Ministrations.

47. Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

48. It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients, and the convenient conduct of the Hospital.

#### By-laws.

49. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to, and assented to in writing, by every person before his or her appointment, and referred to on all occasions of doubt.
